Margaret Beecher Papers

Dates: 1970-1979

Accession Number: 800617B-

Donor: Unknown

Description: Eight file folders in a document case

Content and Scope of Collection

Margaret (Mrs. Samuel) Beecher was the Indiana Coordinator for the National League of American Prisoners and Missing in Southeast Asia, 1970-1971. The Beechers were the parents of Quentin R. Beecher, MIA.

The collection contains mostly state reports and newsletters. Margaret Beecher was active in disseminating information concerning national efforts to secure the release of POWs and to obtain hard news about MIAs. A few other more personal, items of correspondence are mixed in with the official newsletters.

ESTIMATE OF VIET NAM VETERAN POPULATION IN THE STATE OF INDIANA - 1958 to 1973

[illegible]

## INDIANA'S VIET NAM BONUS PROGRAM UNDER WAY .....

The following is a time-table of events, as now set, for handling of the Bonus:

1. First applications set to be taken in Muncie, Indiana, on Monday June 11th 1973, in the County Building, office of Mr. Robert Myers, Delaware County Veterans Service Officer.
2. Meeting of all City & County Veterans Service Officers, at the Indiana War Memorial Building, Southeast Room, at 10:30A.M., Tuesday, June 12th, 1973. Distribution of application forms; brochures; envelopes; rules and regulations and general information on assisting Indiana's veterans in completing the forms and supplying the required information.
3. Payments will commence as soon as the Bonus Law (HB#1007) has been officially promulgated by Secretary of State, perhaps in July or August, but hopefully prior to 1 September 1973.
4. Our internal control system for the Bonus Division allows us to keep a count by Counties (official home of records) of all veterans applying for the Bonus. The figures on the reverse side of this page reflects only an estimate, based on all available computations from the VA and the Department of Defense. We will be checking periodically on the bonus applications count by Counties to make certain that we are getting a steady flow of applications.
5. All pertinent facts in each bonus file is being computerized so that we may furnish the General Assembly and the Governor a progress report on the Bonus. We will also be giving a report to our City & County Service Officers.
6. An initial supply of forms will be distributed to all City & County Veterans Service Officers, based on an approximate 35% of your eligible veterans. Additional supplies will be furnished to you on written request. We realize that due to population shift's in the State, and that perhaps veterans will be visiting Courthouses in Counties other than their residence, that it would be difficult to supply you with all needed forms at the outset of this program.
7. A specially designed brochure, with a post-card type return, will be distributed to all veterans organizations Posts & Chapters in the State, within the next few days. These are designed for the veterans who will be unable to visit the Courthouses in person. Also, a supply will be sent to all military separation and transition centers in the United States, and wherever they are needed. They will also be distributed in Counties who do not currently have a Veterans Service Officer.
8. It is suggested that you make arrangements to have a Notary Public or other official authorized to take affidavits, to be available during your office hours to expedite the handling of the applications.
9. SPECIAL NOTE - It will not be necessary to have a "certified copy" of the veterans DD214 or other document in its place, to forward with the application. The only requirement is to have a legible, photostatic copy, of the DD214.
10. You will be asked to assist many veterans in records corrections or in obtaining a copy of the DD214 for them, due to the lost or destroyed records. Attached to this bulletin is a copy of a letter from the Director, Selective Service, for the State of Indiana, advising local boards to assist veterans in obtaining a copy of their DD214.

# U. S. CASUALTIES RESULTING FROM ACTION BY HOSTILE FORCES

Total U.S. deaths from actions by hostile forces is the sum of the following categories: Killed in action, died of wounds, died while missing and died while captured. Line 1 through 4 subdivide casualties by cause or category. Line 5 provides an additional breakdown of the same totals by environment (air or ground). Totals are cumulative from January 1, 1961 through October 26, 1968.

Q. I am rated 80 per cent disabled from a service-connected disability. Since I am unable to work because of this disability, am I not entitled to a 100 per cent disability rating?

A. If your service-connected disability causes you to be unemployable, you may be entitled to a 100 per cent disability rating from the Veterans Administration. Contact the VA Regional Office where your records are on file for information as to the evidence needed to support your claim.

## FHA MORTGAGE INSURANCE FOR VETERANS

The Federal Housing Administration has provisions in its basic home mortgage insurance program that make it possible for qualified veterans to buy homes for their own occupancy on special terms.

The benefits in the FHA program are similar to those in the GI home loan program of the Veterans Administration. The FHA program, however, is open to veterans who are not now eligible under the VA program and to veterans who, though eligible, have not used that program.

A veteran wishing to use the FHA program must submit a Certificate of Veteran Status, VA Form 26-8261, with the FHA application form. The certificates may be obtained from local VA offices. A veteran's entitlement to special benefits under the FHA program does not expire after one use as it does under the VA program.

What is Meant by Veteran? The term "veteran" as used here refers to:

1. Any person who served on active duty in the armed forces of the United States for a period of at least 90 days and was released or discharged under conditions other than dishonorable.
2. Any person with less than 90 days of such service who is certified by the Secretary of Defense as having performed extra-hazardous service and was similarly released or discharged.

What Veterans Are Eligible? Any veteran may be eligible as mortgagor under the FHA plan if:

1. He has not received any direct, guaranteed, or insured home loan under laws administered by the Veterans Administration.
2. The mortgage to be insured covers property on which there is located a dwelling designed principally for a one-family residence.

What the Mortgage Terms May Be? Limitations governing mortgage terms are as follows:

1. Within a top limit of \$30,000, the insured mortgage amount for an eligible veteran who is going to own and occupy the home may represent 100% less \$200 of the first \$15,000 of FHA's valuation of the property (plus items of prepayable expense not exceeding \$200); plus 90% of the next \$5,000 of value; plus 85% of the value above \$20,000.

If FHA approves the mortgage for insurance after construction of the house has begun and within a year after it has been completed, the mortgage cannot be more than 90% of \$20,000 of the appraised value plus 85% of the value above \$20,000.

If the acquisition cost (sales price plus closing costs) to the veteran is less than the FHA estimate of value, the mortgage amount will be based on FHA's estimate of acquisition cost.

Non-realty items that might be included in the sales price would be excluded in estimating the acquisition cost.

2. The mortgage may be repaid in monthly installments over a term of 10, 15, 20, 25, or 30 years, but the term may not exceed three-fourths of the remaining economic life of the home.

If the house is approved by FHA or VA before construction is begun and is inspected by either agency during construction, and if FHA finds that the owner-occupant mortgagor is unable to make the required payments under a shorter-term mortgage, the maturity period may be as long as 35 years.

3. The interest rate and the FHA mortgage insurance premium are the same as those for other home buyers under the FHA program--6 3/4% interest, and 1/2 of 1% mortgage insurance premium.

Veteran's Cash Investment

FHA regulations require that the veteran's cash investment in a property be not less than \$200 of the total of the cost of acquisition up to \$15,000 and the items of prepaid expense. In addition, the cash investment must be 10% of the cost of the property between \$15,000 and \$20,000 and 15% of the cost in excess of \$20,000.

Initial payments made by the veteran for future taxes and hazard insurance premiums can be credited toward his required \$200 minimum cash investment.

VA TO CONDUCT TEST TO DETERMINE IF CERTAIN WIDOWS ARE RECEIVING PROCEEDS OF CHECKS

The Va has issued DVB Circular 24-68-20 dated September 19, 1968.

This Circular provides particulars and field station instructions relative to a test procedure that has been instituted to verify receipt of checks by certain widows.

It is important for Service Officers to be aware of this test because the test may involve stoppage of payments to some widows.

The selection of widows to be tested is to be made by using XC-numbers terminating in digits 320,321,323, and 324.

Using the above series of XC-numbers, selection of those to be tested will be made by Central Office.

VA TO CONDUCT TEST TO DETERMINE IF CERTAIN WIDOWS ARE RECEIVING  
PROCEEDS OF CHECKS (Cont.)

Form Letter 24-914 (NR) has been developed. It will be sent to the widows involved and is to be returned to the field station with the widow's signature.

Upon receipt, the signature will be compared with the known signature of the widow in the XC-folder.

If the returned signature is determined to be valid, the Form Letter will be inserted in the XC-folder and the folder will be returned to file.

If the signature on the Form Letter is determined not to be that of the widow, further investigation will be undertaken by correspondence or by field examination.

If there is doubt about the validity of the signature the Form Letter and the XC-folder will be sent to Central Office for analysis.

If the widow fails to return the Form Letter by the end of 15 days a second letter will be mailed. If no response is received after an additional 10 days payments will be stopped. When payments are suspended, the case will be diaried for 30 days; if no response has then been received, request for a field examination will be issued.

Service Officers should keep this test procedure in mind in responding to any inquiries concerning stop payments of death benefits. Where widows are known to be involved in the test prompt response to the VA Form Letter should be urged.

SEPARATION PAPERS WILL BE DELIVERED

Most men leaving service will have their separation papers (DD Form 214) hand-delivered to them from now on, Defense has ordered.

Although most such forms are given out on post, thousands are mailed, particularly in the Army, and quite a few of them go astray or are late. The forms are vital for discharged men who seek jobs and veterans' benefits because they are considered proof of military service.

Defense has also told the services they must give the forms to men whose enlistments or inductions are voided. This sometimes happens in cases where men with disqualifying physical defects are taken in and serve for a time before the defects are discovered. They are entitled to some veterans' benefits and need the Form 214 to get them.

## LISTEN TO A CHILD

And he will teach you something  
of love, faith and wonder.  
Listen, and you will learn from the child  
what this old proverb suggests.

If there is right in the soul,  
There will be beauty in the person;

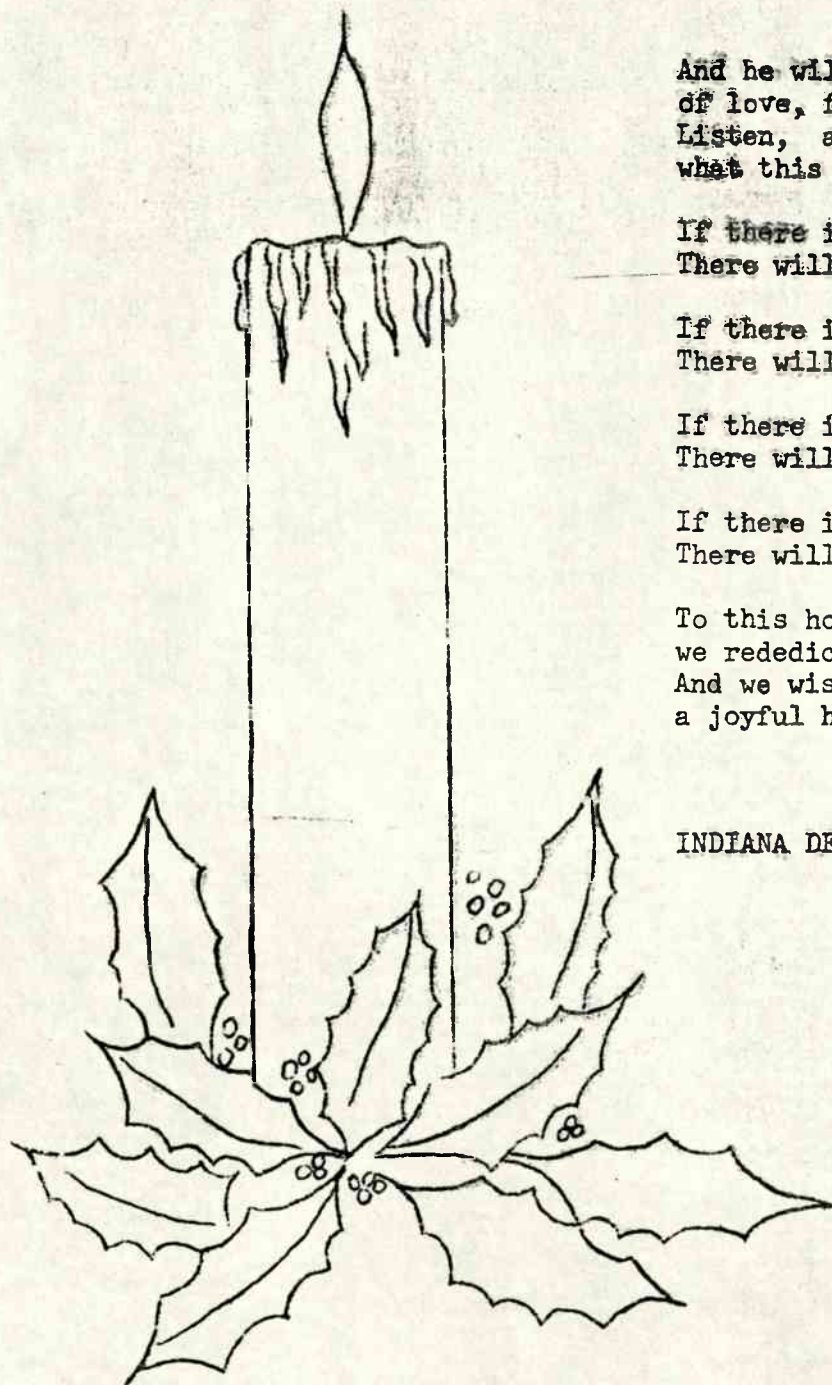

If there is beauty in the person,  
There will be harmony in the home;

If there is harmony in the home,  
There will be order in the nation;

If there is order in the nation,  
There will be peace in the world.

To this hope, on this Christmas,  
we rededicate ourselves.  
And we wish you and your children  
a joyful holiday season.
